## **Middleweight furniture designer at Toan Nguyen studio**

Toan Nguyen is looking for a long-term collaboration with a high motivated middleweight furniture designer to join our studio in Milan in a full-time position.

### **About us**

We are a multidisciplinary design office based in Milan and active in various fields, from furniture to technological products, in partnership with leading international companies including Dedon, Laufen, Fendi Casa, Rolf Benz, Brown Jordan, RH, District Eight, Viccarbe, Bugatti Home, Vibia, Wendelbo, Lema, Busnelli, Walter Knoll, Coalesse, Teknion, Studio TK, among others.

### **Requirements**

- Circa 2 to 4 years experience in furniture design studios or companies.
- A portfolio that proves great design sensibility, technical skills, keen eyes on finishes, colors, and texture materials, and shows a distinguished talent to display and support design concepts
- Be able to work efficiently, precisely, and quickly to deadlines, under his own initiative
- Proficient in Solidworks parametric modeling.
- Proficient in 3DS Max polygonal modeling
- Proficient in Corona or V-ray software to generate renders with great realism
- Proficient in Adobe Suite major software: Photoshop, InDesign, and Illustrator
- Proficient in both spoken and written Italian and English
- With a bachelor/master's degree in furniture/product
- Located in Milan otherwise willing to relocate shortly (remote working is not taken into consideration)

## How to apply

If you feel you fulfill all the above criteria and wish to apply for this role, contact us through the following job-dedicated email: [jobs@toan-nguyen.com](mailto:jobs@toan-nguyen.com).

Due to the high number of applications we receive, we will consider and answer only to applicants who have sent the following file:

- One-page cover letter underlining the reason you want to be part of Toan Nguyen's team and why you think you could match the profile
- One-page CV (no European CV template)
- Portfolio (max 7MB)

The first interviews will be through Zoom calls with our team. Eventual second interviews will be arranged at our Milan studio.
